LISTENING 1 (Items 1-7) (7 marks)

You are going to hear a conversation between a student, Ahmed, and an IT engineer, Ms Balqis. Listen twice, and shade the correct option.

1. When did Ms Balqis first study machine learning?

○ at school ○ in her third university year ○ at her first job

2. Where does she work now?

○ at a hospital ○ at a university ○ at a technology company

3. What does her newest programme read?

○ chest X-rays ○ school reports ○ weather maps

4. How accurate was the programme in tests?

○ 96% correct ○ 40% correct ○ 12% correct

5. What does Ms Balqis say AI will do to jobs?

○ remove all jobs ○ change many jobs ○ create no jobs

6. Which skill does she say machines are bad at?

○ programming ○ creativity ○ mathematics

7. How did her company find three young engineers?

○ through a hackathon ○ through online courses ○ through universities
